

Partnership

We are at the forefront of changes happening in the industry. In a market where prices are under great pressure we are always looking for ways to keep giving our clients the best prices and of course our excellent service.

In order to achieve this we have built strong, solid partner relationships with several companies.

If you would like to discuss the possibilities of becoming our partner, please do not hesitate to [contact us](#).

Our exclusive partnerships:

Fiberstruct is active in supplying GRP products and solutions since 1966.
